

# NASA Academy Agenda

Topic: Applied Physics Laboratory (APL) at Johns Hopkins University (JHU)

Date: Friday – June 27, 2003

08:00-09:00: Depart Academy House for APL  
09:00-09:30: Welcome to the Laboratory  
09:30-09:45: Introduction to Contamination  
09:45-11:15: Divide into groups for tours  
                  Materials and Composites Facility  
                  Spacecraft Assembly Facility  
                  Advanced Assembly Facility (Bunny Suits)  
11:15-11:30: Reconvene/wrap up  
11:30-12:30: Lunch (somewhere on the way back to Goddard)  
12:30-13:00: Return to Goddard  
13:00-14:30: Group Project Work  
14:30-16:30: GSFC Intern Jamboree  
16:30-17:00: Back to the House

\*\* NO PERSONAL CAMERAS ALLOWED \*\*

\*\*A photographer, provided by APL, will take some pictures and they will be sent to us later \*\*

\*\* There will also be some hands on activities \*\*

\*\* Because we will be getting into bunny suits, long-pants required and no open-toed or high-heeled shoes \*\*
